

Class 1 – Art – Drawing details of the things you see.

Concept— The ability to express ideas visually through the use of line, shape, form, contrast and texture.

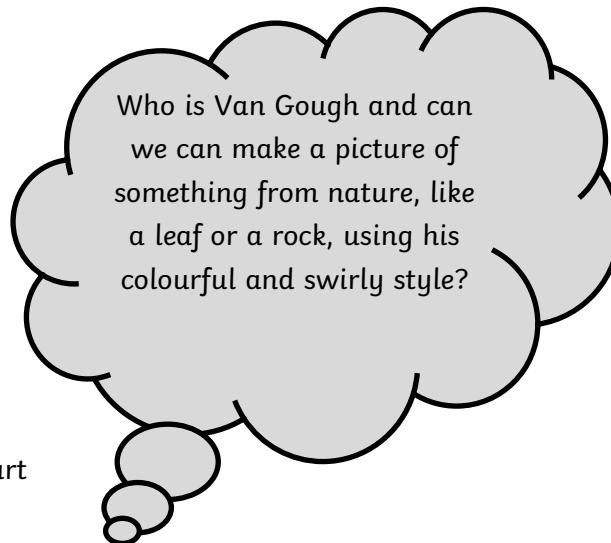

Exploring ways of shading.

Using the rubbing method to see the details in natural items.

Looking at the detail Van Gough uses in his art and how he uses line to create his pictures.

Vocabulary

Shading— to show the difference between dark and light.

Design— to plan and make decisions about how something is drawn.

Resources — useful things we will need.

Create—to make something

Detail — all the little things that make a picture real.
