## Together in Adventure and Discovery

22nd September 2023

### A message from Mrs Ball...

How can we already be at the end of week three! The children have had such an incredible start to the year, continually demonstrating our school values and taking pride in everything that they do. We are all extremely proud of them.

It has been exciting watching so many children over the last couple of weeks embarking on their musical journey by learning a new instrument with Darren Jane and Sally Butlin. As music specialists, it is amazing to be able to also use their many talents to enhance our teaching of the music curriculum in each class.

A huge thank you to the NSPCC for running two workshops for our pupils yesterday. Our Year 2, 5 and 6 pupils all got to take part in follow up workshops to our whole school assemblies that took place last week. All of the children were able to confidently talk about their safe adults and safe places.

## Celebrating our learning...

### Class 1

Class 1 have had another busy week. We all enjoyed a very active PE lesson, where we have been learning ball skills such as hand to eye coordination, kicking and throwing. We loved using the ukuleles in our music lesson with Mrs Butlin!

In Wild Tribe we have continued our learning of the story of the Three Little Pigs by creating Big Bad Wolf claws! We drew around our hands, cut them out ourselves and then decorated them with nature treasures.

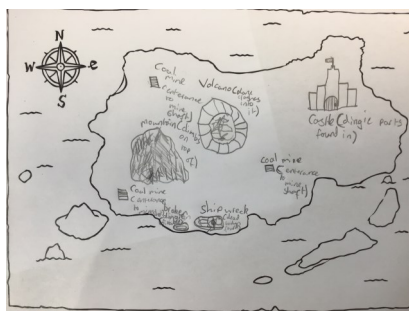

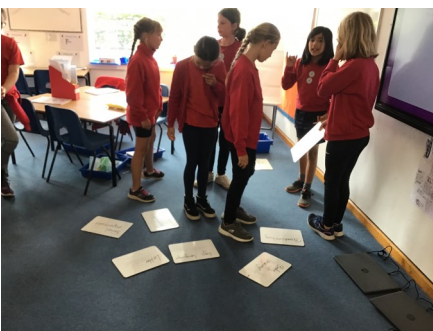

### Class 2

Class 2 have been impressing anyone lucky enough to be part of our maths lessons this week. We have all had a place value focus and the pupils' understanding and flexibility of thought has been a joy. As we continue to hone our map skills, we have been completing sketch maps of the school grounds and using digimapping to look for features within our local area. Year 2 have been demonstrating superb knowledge about materials to Mrs Slateford in Science. Year 3 blew away Mrs Plumb with their sensational rock knowledge and Year 4 made Miss Spence's brain hurt with their thirst for understanding anything and everything to do with states of matter... are fire and clouds solids, liquids or gases?

### Class 3

This week Class 3 have been writing suspenseful passages with a focus on building the tension and developing a creepy atmosphere. In Maths we have come to the end of our Place Value and Number unit by exploring Roman numerals and negative numbers. In science, both years have been conducting electricity experiments – Year 5 have been investigating as to which materials are electrical insulators and which are conductors, and Year 6 have been investigating how volts affect components in a circuit. In PE the children have shown how skilful and athletic they can be in invasion games and in PSHE we have been discussing the best ways in which to communicate to avoid upsetting others.

Remember: To earn your badge, just share your love of books with the Blue Peter team by

following [the link here](#) and answering the questions on the form! You can apply using their online form or by post.

**Come on Landulph, let's see how many Blue Peter book badge winners we can celebrate this year.**

Earlier this month you received an email about your child's Flu vaccination. Kernow Health is delivering the flu immunisation

programme in Cornwall's schools. The email gives details and requires you to sign either to given permission or decline. Please submit your consent form by midday Tuesday 3rd October 2023 to ensure your child receives their vaccination. It will take place on Thursday 5th October 2023.

### Wellies & Waterproofs

As the weather seems to be turning very autumnal, can you send your child to school each day with NAMED wellies (they can stay in school if you have a spare pair) and a waterproof jacket. We try to get outside as often as possible even when the weather is not in our favour.

### Home School Agreement

You will have received our Home School Agreement by email. This is a simple agreement between the school, pupil and parent which outlines effective ways in which we can agree to work together to foster and maintain respectful and pro-active relationships as your child moves through school. If you haven't already, please can you spend some time this weekend sharing it with your child and then [follow the link to the Microsoft Form](#) to acknowledge your agreement.

We are delighted to announce this year's Grandparents Lunch.

Save the date - 10th November 2023. More information will follow later!

On Wednesday, we launched our search for Landulph School Council 2023-2024. An assembly was held to discuss the role of a school council and the desirable qualities in school councillors; responsible, passionate and positive were our top 3 characteristics that we would love to see in our representatives for each year group.

Pupils in Years 1-6 have been asked to put together their manifesto to present to their year groups on Monday 25<sup>th</sup> September.

This can take any form that the pupil is comfortable with. We will then hold a formal ballot to democratically choose the representatives for each year group. Year 6 also have the opportunity to run for our Trust Council.

We are keen to support our future leaders right from the very start. Please contact Miss Spence for any further information.

## Reminders...

Keep up those good habits...

Learning spellings, number facts and times tables is so important.

Don't forget your child has a log in to TT Rockstars (Y2-Y6), Numbots (Y1) and Spelling Shed (Y2-6).

These are great programmes that we invest in as a school to support learning at home. If your child has forgotten their log in details then please email Cathy.
