

## Topic web—Where does our food come from?

Summer1

2026

Class 2

This term, we will be learning about the food we eat, where it comes from and where it goes! We will be doing lots of practical learning making delicious dishes.

As **mathematicians**, we will be continuing to learn about fractions and then we will have 2 weeks of time learning followed by a short unit of problem solving.

As **geographers**, we are going to compare Cornwall with Greece, looking at how they are similar and different.

As learners of different **faiths**, we will explore the question: 'What kind of world did Jesus want?' and Year 2 will be considering 'Who is Jewish and how do they live?'

As **readers** we are going to be reading **The Owl who was afraid of the Dark** by Jill Tomlinson. For our writing inspiration we are going to read some of **The boy who biked the world** by Alastair Humphries, and using it to write setting descriptions.

As **scientists**, we will be learning as Year 1/2, Years 3/4 and Years 5/6. Yr 2 will be learning about human nutrition and exercise and Year 3 will learn about the digestive system.

In **PSHE**, we will be Aiming High! This is a good opportunity to set some ambitious targets and think about how we can inspire ourselves and others.

As **athletes**, we will be working with Go Active on cricket, and then later in the week we will be progressing our gymnastic skills.

As **designers** we will be learning about healthy food with Mrs Plumb. We will be making lots of delicious healthy treats!

As **musicians**, we are going to be learning the Friendship song. We will learn the song, some actions, and use it to create our own composition.
