

Class 2 - Geography – Europe; a comparison between Cornwall and Greece

Human Geography – How people live work and interact with each other and their environment.

Vocabulary

Europe: the continent we live in.

population: the number of people living in a country, city or area.

settlement: a place where people live. It can be big or small.

region: a large area of land different from other areas. It has its own features.

Cornwall

Cornwall the most south-westerly county in England. It has a coast on three sides making it a peninsula.

Cornwall is famous for its pasties and fish and chips!

Greece

Greece is in South Eastern Europe and is made up of a mainland and around 6,000 islands.

Famous Greek foods are olives, feta cheese and Greek yoghurt.
