

Landulph School Newsletter

Together in Adventure and Discovery

8th May 2026

A message from Mrs Ball...

It was lovely to see so many of you at parents' evening this week. It was a wonderful opportunity to share the children's progress and celebrate their achievements together.

Next week is all about our fabulous Y6 children. They've worked so hard and learned so much—now it is their time to shine! We are already so proud of them all.

Believe in yourself, keep smiling, and don't forget to take a deep breath if you need one. You've got this! 🌟

PSHE and Relationships, Sex and Health Education Consultation on Tuesday 19th May at 3:30pm

You are warmly invited to come in to school to find out about the policy behind our PSHE and RHSE teaching and learning here at Landulph. We would love to share with you the intent and implementation of how we teach PSHE and, ready for the final term of the year, what we cover and how we teach relationships, sex and health education. This is your opportunity to pop along, look at the material we use in the curriculum and ask any questions you may have. Ms Hawker will be presenting examples of what we do at Landulph and is happy to open up conversations with you, our school community. This is a great opportunity to bring you up to speed and involve you in this very important aspect of our curriculum at Landulph.

Celebrating our learning...

Class 1

It has been a busy 4 days! In maths, Pirans have been finishing off their unit of work all about multiplication and division, exploring problem solving through practical activities. Pixies have been adding more and taking away. There are some fabulous mathematicians in our class 😊 As geographers we have been discovering the unique environments of the Arctic and Antarctic. We were surprised to find out that they only have two seasons. In PE, they have been improving their coordination and control by practising how to dribble a ball using a uni-hoc stick, showing great enthusiasm and teamwork throughout. A particular highlight for me was a glimpse into the future in PSHE. The Year 1 and 2 children have been talking and writing about what they would like to do when they grow up. We have budding hairdressers, builders, cleaners, footballers, gymnasts, zookeepers, soldiers and Gladiators!

Class 2

What's the time Mr Wolf?! As you may have been able to guess in Class 2 this week we have begun our time learning! Year 2 are aiming to be able to tell the time to 5 minutes, while Year 3 will be able to tell the time to the minute and use clocks and timetables to complete time related activities. Please help at home by pointing to a clock and asking the children to work out the time with you! Alongside this you could also have conversations such as 'how long until the next hour?' etc, every little helps! We are just planning our setting descriptions now, combining our geography knowledge of Europe with some excellent writing skills! In science this week Year 3 were learning about human teeth and the role they play in digestion, so we took a close look into our mouths to see what we have in there – the answer to that is a selection of incisors, canines and molars! And finally, we have now made our story boards for our animations in computing so will be using the I pads to make our animations very soon- we are very excited and the storyboards look fab!

Class 3

Throughout this week, the children have been practising a range of grammar skills in English, with a particular focus on using tenses correctly and identifying different types of clauses. In Maths, pupils have continued building confidence with their times tables – the Year 4 children are making particularly impressive progress – alongside revisiting fractions and key calculation skills. During Geography lessons, the class explored the impact of the climate crisis and considered how changing weather patterns can affect farmers around the world. In Science, the Year 4 pupils investigated the different types of teeth and their functions, while Years 5 and 6 learned about blood vessels and the role they play within the circulatory system. Meanwhile, Computing lessons have involved planning, mapping out and beginning to write our own text adventure games, with children creating imaginative settings and pathways for players to explore. Dreamcatchers were the focus of this week's Wild Tribe.

Reminders....

This term, **Class 3** are doing 'Wild Tribe.' Please can they bring spare clothes (that you don't mind getting dirty) into school in a bag on a Thursday.

- long trousers/tracksuit bottoms/leggings (no jeans)
- a long sleeved top or a jumper
- a waterproof jacket (waterproof trousers if you have them)
- old trainers or wellies
- gloves (advisable)

P.E. Days

On PE days your child needs to come to school in their PE kit. Remember if it is a bit on the chilly side, they can wear black tracksuit bottoms and their school jumper.

Class 1	Class 2	Class 3
Tuesday Friday	Monday Thursday	Monday

As a school we purchase licences for TTRS and Spelling Shed to support the children with vital aspects of their learning. Each week when we look at engagement levels, there are the consistent few who have excellent stats, but there are far too many who do not engage at all.

Practising and learning spelling patterns are crucial for building the foundations for reading fluency, vocabulary development and comprehension. It also reduces the cognitive load for writing composition.

It is a similar message for practising and learning times tables. Building those secure foundations enable the children to access more challenging aspects of maths, boosts mental arithmetic and confidence in problem-solving.

Please can you support your child to access this aspect of their home learning each week.

If you do not have your log in for Spelling Shed or TT Rockstars (Y1-Y6) please let the office know and they will send it to you.

Does your child fancy learning how to play the keyboard or the guitar? Mr Jane has some spaces available and is keen to start inspiring the next generation of musicians. Lessons take place on Tuesday mornings. Contact the office for a booking form.

Liz runs a tuck shop every Tuesday breaktime. It is £1 for a drink and a snack; your child will need to bring the money in with them on the day.

Sun Safe...

We need to remember to keep ourselves safe in the sun. On hot days please remember to put your sun cream on before school, bring your sunhat into school and make sure you have a bottle of water with you!

Organised by Mrs Plumb

Open from 7:45am every school day

Breakfast included (**please note that breakfast is served until 8:15am**)

£3.50 per child

Little Owls

Organised by Mrs Glancy and Miss Pease

Afterschool club opens from 3.20 – 5.30pm with the costs as below. All sessions include a snack.

- 3:20pm-4:20pm – £4. Snack served at 4pm.
- 3:20pm-5:30pm – £7. Snack served at 4pm.
- 4:20pm-5:30pm (after clubs) – £4. Snack served at 4:30pm.

Any requests for wraparound care need to be submitted a minimum of 48 hours' notice unless it is an emergency.

To book in, please email bookings@landulphcloud.net.

Friday's Celebration Assembly

Class 1 - Darcy
Class 2 - James
Class 3 - Logan

Class 1 - Theo
Class 2 - Lilly
Class 3 - Lucy

Rosie

Class 2 - Alisa
Class 3 - Maxwell

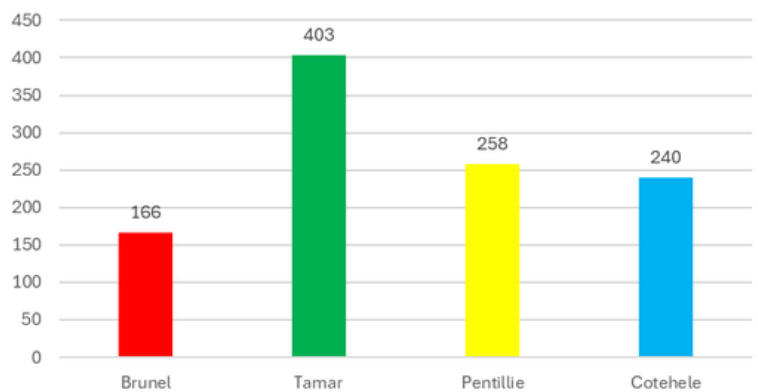

Class 1 - Mya
Class 2 - Max
Class 3 - Winnie

HAPPY BIRTHDAY

Happy Birthday to those who are celebrating their birthdays in **May**, we hope you enjoy your special day!

Class 1 - Theo
Class 2 - Arlo
Class 3 - Brodie and Coen

Summer Term House Points
